Item 37

1897.

Min. Moore. Cl. 17plcmcs07

I told story of Minkas very  
anxiously - glad to say you  
would - I am - shd. have  
made it plain - birthday  
story - for shd. not go into  
her independent - enough -

but - I could follow -  
shd. have asked what if they  
had liked golden roses -  
good to make a crying voice  
over golden roses -

"What do you think happened  
copper burning into gold  
very well told -

"What - shall I do? very  
good here - "I could say  
quickly - "let burning gold -  
very well & quickly -  
"I enjoyed enjoying heat & will

"such a blessed feel thing  
happened - very good and  
surprise feeling -  
Absolutely free from self-  
consciousness -

Chr deeply interested  
"This weird gold-toned  
Didn't visit Chas + stockings  
had -

good to let Chr fill in entire  
of story -

Also good to let Chas point  
the moral -

All the under points of the  
story very sweetly touched on  
good to get recipe with the  
kind of the pictures

good to make Iona speak  
good to connect on Yona  
amusing - Wm. H. H. H. H.  
story + told into the present time

15 pictures

Recap - very good - 3/4 in  
 told for story quite well -  
 Because the teacher of them  
 with a special attention.

G. M. J. J. J. J.

Main Memory Cl. 11/12

Discussion - divided

Later

Review of Sat. food -

4/9 norms - food -

V. f. to show extent of  
 norms in map.

12th bd. work food & good  
 Teaching clear & accurate

food to off. with my partner  
 A very good ellipsoid Bd  
 first to give ellipsoid when  
 the girls had not known it  
 have principles & apply it  
 well - turned but did not give  
 derivation of it. & then

27P4cm507  
"the principle of - with w -  
was not - thinking - found -  
"almost - better - humor -  
repeated twice -

got to find out why certain  
parts are dark - & certain  
light - - "almost - look  
very large for the size of  
had to make a round trip  
found not to say - "fence"  
the height of the last but - not -  
"more forward its own  
axis" -

she has associated months  
with - moon -

girls are - birth in their  
lives -

Phases of moon very well  
brought out -

"very good - to be able to -  
and his ? as to position of

morning with regard to some  
 folks brought her to - eclipses  
 most admirable -

And no of moon is naturally  
 very narrow - good to be  
 ready with answers &  
 to make him 2's the power  
 of their lessons

V. for - to show the difference  
 in width of shadows -

Chas kept the spirit up to  
 the mark -

"You are not sure" &c -  
 V. exceedingly ready  
 but not clear abt. cloud  
 interpreting -

Matters very well chosen &  
 suitable -

John - had wrote very well done  
 Chas thoroughly interested

270601507  
Wt. exceedingly accurate  
her explanation -

No recap or R.P.  
Recap. first - Phil.  
required to come in full  
+ did so -

Cuts the sheet on like 'vape'  
for V. f. answers from  
the girls -

Recap. not very thorough -  
but the main points of the  
lesson well recap.  
I don't quite know how to  
navigate -

telescope fairly well used -  
atmos. brought out by his  
question - & then very  
well explained -

His readiness to explain  
points I'd encouraged in  
the first -

2707 cmc 507

not water - "even atmosphere"  
front to back
